## THOUSANDS IN MARCH TO STAY HAND OF FATE

Final Decision Rests In Hands Of Governor; Verdict Tonight

BOSTON, Aug. 9.—With only a few hours of life left on their schedule, the question of whether Sacco and Vanzetti will go to their deaths tomorrow night rests in the hands of Governor Fuller.

Arthur D. Hill, chief counsel for the condemned, pleaded with the governor late today to grant another reprieve so he can continue his fight in the courts.

HOPE STILL HELD  
He has taken exception to the rulings of Judge Webster Thayer who today denied a request for a revocation of sentence and yesterday denied a motion for a new trial, and hopes to go back to the state supreme court with these exceptions tomorrow.

He appealed to the supreme court this afternoon but failed to get any satisfaction in the absence of Judge Sanderson, who will be on the bench tomorrow. Attorney-General Arthur K. Reading was present at today's conference. After Hill had left the executive offices Reading remained in the room with the governor. A statement is expected on what (Continued on Page 8)

## Pittsburg Youth Arrested For Burglary

MARTINEZ, Aug. 9.—Alleged to have been surprised during an attempt to loot the till of the Faultless Cleaners in Pittsburg, Pete Mercurio, 17-year-old Pittsburg youth, is in the county jail facing a burglary charge.

"According to Pittsburg police, Frank E. Loges, proprietor of the cleaning establishment, surprised Mercurio while he was opening the till but in a battle with Loges he escaped. He was subsequently arrested at his home by Police Officers C. M. Clawson and E. D. Horr.

Loges declares that Mercurio visited his store and while engaged in conversation he observed the youth unlocking the catches on a window. Suspicious of his actions Loges returned to his store at 6:30 p.m. and secreted himself.

Soon afterwards, he claims, Mercurio entered by a window. As he was opening the till, Loges claims, he advanced on Mercurio, who turned and battled with him. The youth broke away and fled through the window. Loges swore to a complaint charging burglary and Mercurio was found at his home at 701 Seventh street. He was brought to the county jail to await his preliminary hearing.

Police said he is to be questioned on the burglarizing Sunday of a Pittsburg ice cream parlor, from which \$32 was stolen.

## Chair Or Reprieve?

NICOLA SACCO, who with Bartolomeo Vanzetti, will be sent to the electric chair, tonight unless last minute defense tactics free them from the death house where they are now confined. ## Payrolls And Progress

There will be a lot of discussion of the harbor bond issue during the next two weeks. Some of the arguments will be logical and some of them may be tiresome. Dry facts and cold unsentimental figures make most of us sleepy.

### BONDS PERSONAL ISSUE

When we get down to the meat of the proposition, most of us are apt to be influenced by the effect that the issuance of the bonds may have on our own personal affairs.

We are nearly all like that.

Let's look this matter in the face:

You and your neighbor have chosen Richmond to live in because you think it is a good community, and if you have a family, because you believe that it offers a good chance for your boy or girl in the Battle of Life.

### INDUSTRIAL FACTS SHOW GROWTH

Richmond is known as a city that has the fourth largest pay roll in California.

That in itself is some distinction for a city that has just celebrated its 22nd birthday.

Richmond has many large manufacturing industries. Richmond now either will mark time or forge ahead.

If the decision of you and other good citizens is to make Richmond the FIRST PAY ROLL CITY in California, then practical plans must be laid.

### HARBOR IMPROVEMENTS VITAL

The only practical or possible plan, is that the harbor be made wider and deeper and that the piers, docks and warehouses be made larger and better.

Pay rolls follow factories.

Factories follow harbor development.

Cities in point: Boston, New York, Detroit, Chicago, New Orleans, Galveston, Seattle, Portland, San Francisco, Oakland.

### EFFECT OF HARBOR GROWTH

What happens when pay rolls increase?

Why more money is put in circulation, of course.

Who gets the money?

The merchant, the butcher, the baker, the barber, the doctor, the lawyer, the banker, the preacher, the garage man, the laborer and the capitalist.

Many factories means that skilled workmen have more places where their services are needed.

It therefore means that there is healthy competition for the services of men who know how to do their special line of work.

### IMPROVEMENTS FOLLOW

More factories will bring more people. More people means larger and better schools. Bigger and better libraries. Finer churches. Finer theatres. Finer playgrounds. Finer parks. More factories means an increase in the city's revenues.

The more money we have in circulation, the higher our standards of living will become, because we will have the means of paying for them.

### LOGICAL CONCLUSION

All this leads us to the conclusion:

If we are to enjoy the benefits of larger pay rolls, we must attract the folks who have got the money to build and operate factories. And in order to attract these factories, we must give them the port and harbor accommodations that they need.

So, it seems inescapable and logical that the safe and sane course for us to follow, is to vote the harbor bonds.

## Inhalator Patient Reported To Be Holding Own

Richmond firemen under the direction of Assistant Chief J. J. Barry are continuing to administer oxygen with the department inhalator to Henry Britten, 27, employee of the Republic Steel Package company, who is ill with double pneumonia at the Cottage hospital. According to reports received Britten is holding his own.

The members of the department are donating their off-shift time to caring for the sick man. Britten was taken to the hospital a week ago in a Bert Curry ambulance and for a time was at the point of death. The inhalator was resorted to and some improvement has been shown in his condition since oxygen was administered to him.

Mrs. Harry Semar, wife of a prominent local automobile dealer, is reported as seriously ill at the Alta Bates hospital in Berkeley, where she was taken Monday

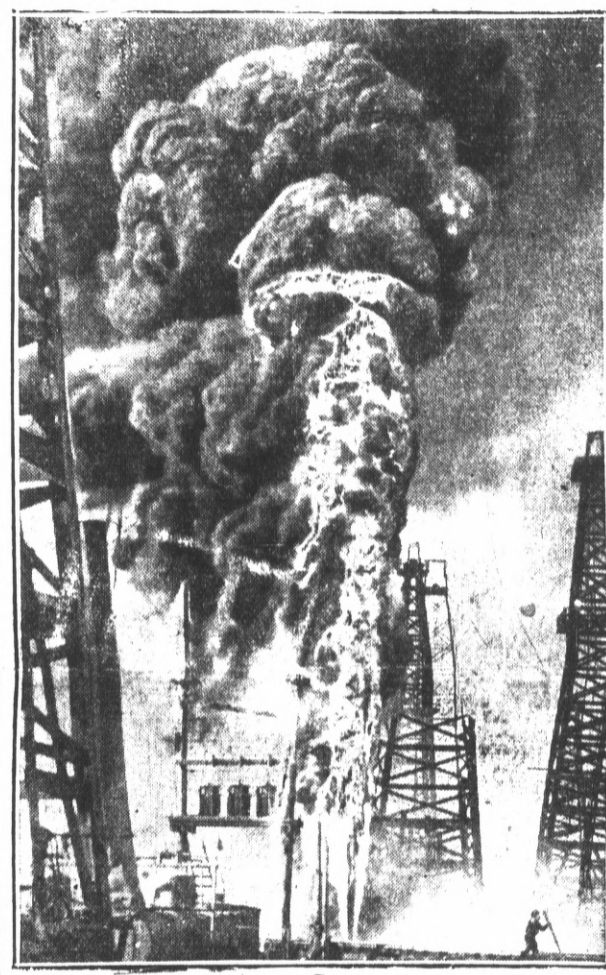

## Hunt Continues For San Pablo Mystery Man

MARTINEZ, Aug. 9.—Contra Costa county authorities are seeking a man giving the name of L. E. Wolf and posing as a deputy United States marshal, who disappeared Friday, leaving his wife in an auto camp at San Pablo.

According to J. W. Dexter, proprietor of the camp, Wolf told him when he was preparing to leave that he did not have sufficient funds to pay his camping fee. He gave Dexter a revolver as security for the charge and left, saying he was going to the United States marshal's office in San Francisco.

When Wolf failed to return Dexter reported to Sheriff's office here and turned Mrs. Wolf over to the Salvation Army authorities. Wolf, he said, wore a federal deputy marshal's badge.

## Mildred Schrader Heydon To Be Bride Of Berkeley Man

The Fairmeade Country club will be the scene of a pretty wedding Sunday afternoon when Mrs. Mildred Schrader Heydon becomes the bride of Fred Gohl of Berkeley. The fireplace of the clubhouse will be converted into an altar of roses, sweet peas, palms and other greens, before which the couple will make their vows. A huge white bell will add to the decorations.

The ceremony will be performed by Rev. Earl Haney of the First Presbyterian church.

Captain Ernest Howard will sing "O, Promise Me," and the wedding march will be played by R. M. Trip of Oakland.

The bride, who is well known in Richmond social circles, will wear a gown of orchid satin with shoes to match. She will be attended by Miss Martha Gohl, sister of the groom, gowned in a pastel shade of green satin. William Gohl will be his brother's best man.

The bride will be given in marriage by her brother, Ray Schrader.

The groom is the son of Mrs. M. Gohl of Berkeley and is employed in Oakland.

Following the ceremony there will be a reception, supper and dance for the couple in the clubhouse, after which they will depart for Clear Lake on their honeymoon. Upon their return they will make their home in Berkeley.

One hundred guests have been invited to the wedding and include Mrs. J. L. Schrader, Mrs. M. A. Zobrist, mother and grandmother of the bride; her sisters, Mrs. Katherine Easton of Pittsburg; Mrs. Edna Yager and Mrs. O. J. Herman and the groom's mother, Mrs. M. Gohl.

## "GREATEST AIR DERBY" STARTS ON NEXT FRIDAY

Fourteen Pilots May Be In Lineup For Hop To Hawaii

(By Universal Service)

SAN FRANCISCO, Aug. 9.—With the world's greatest adventure in the air—a competitive race with perhaps fourteen flyers between San Francisco and Honolulu—only three days away, aerial pilots who will gamble with death itself were today tuning up their planes and making ready for what is expected to prove the greatest hazard since Columbus battled the waves and expected to tumble over the end of the ocean.

### TEST MOTORS

The United States government doesn't want to lose any lives if they can be saved, so today, Maj. Clarence M. Young, representing the department of commerce, was testing motors, investigating the strength and wingspread, and personally interviewing pilots.

### GREAT AIR DERBY

With seven of the planes here in the San Francisco bay district and an eighth winning its way here from Peoria, Ill., and with five others poised and ready to take off from Detroit, Mich., Dallas, Texas, San Diego and Los Angeles, local officials of the National Aeronautical association were confident today that the aerial derby will prove the greatest event of the kind ever staged in any part of the world.

The plane on its way here and reported having landed for minor repairs at Omaha, is that entered by Charles W. Parkhurst and Ralph C. Lowes, Jr., of Peoria. (Continued on Page 8)

### POINT MEETING

And on Tuesday evening, August 16, the scene of action will be shifted to Washington auditorium, at Point Richmond.

## Three Inquests Are Conducted

Three inquests were conducted here last night by Coroner Aubrey Wilson.

Accidental drowning was given as the cause of death of Joseph Kopke, Oakland, who fell into the waters of the inner harbor, July 30, while preparing a skiff to go ashore from the dredger on which he was working.

The killing of William Lawler, whose remains were found in a railroad tunnel near Oleum three weeks ago, was held to be accidental, and probably caused by being struck by a train. A fractured skull and broken neck were given as contributory causes.

John Mello, who died suddenly at his home in El Cerrito last week was found to have come to his death by natural causes due to acute dilation of the heart and congestion of the stomach.

Coroner Wilson will conduct an inquest tonight in Pittsburg to determine the cause of death of three men drowned near that city a few weeks ago.

### ANOTHER DEER BIT DUST

The name of Captain Raymond Clark, of the Richmond-San Rafael Ferry company, is added to the list of successful Richmond deer hunters. Captain Clark has returned from a hunting trip to Mendocino county.

## "BETTER OLE" FEATURED PLAY AT CALIFORNIA

Syd Chaplin, star of Warner Bros. production of "The Better Ole," which comes to the California theatre for two days starting today, has scored the hit of his career in this new picture, which was adapted by Bruce Dainisfather and Darryl Francis Zuck. From Bruce Dainisfather's world famous cartoons and play.

The locale of the picture is a part of the British front in France during the World War. The regiment has been relieved from front line duty on the eve of an unexpected German attack, and has marched into the little French village anticipating a good rest, safe fun and plenty to eat.

After several days some of them try their hands at amateur theatricals which include a horse in the town hall, old bill and his dog, Alf, are drafted for the horse. The preparations and presentation of the play are funny enough, but that is just the beginning. When the Germans suddenly advance and capture the town, not leaving the retreating British time to help their friends out of the horse, and they find themselves in this masquerade within the German lines. Then the fun really begins. Other features on the safe program include the latest International News reel, and Larry Canelo, at the organ.

## POLICE PROBE DEATH OF TWO RICHMONDITES

Berkeley police and the Southern Pacific railroad company are conducting an investigation into the death of Mr. and Mrs. Samuel Smith, killed Sunday night when their machine was struck by an electric train at Ninth and Addison streets, Berkeley.

According to reports, the train was not halted until after it had dragged the machine 125 feet. Mrs. Smith was killed instantly and Smith died soon after being taken to the Berkeley Emergency hospital. They resided at 5905 Bayview avenue, Richmond.

H. C. McElroy, engineer of the train, and Ellsworth Ramos, 16, a witness of the crash, gave conflicting reports to the police. The engineer declared the train was traveling between 15 and 18 miles per hour and the automobile about 20 miles per hour. The boy said the train was going at a 35-mile rate and the automobile only about 20.

Officer Ernest Terry of the Berkeley police expressed the opinion following his investigation, that the train must have traveled at a high rate of speed if it was unable to stop within 160 feet. McElroy reported that he applied the emergency brakes but struck the machine square. He said he sounded the whistle and was ringing the bell at the time he saw the automobile. Conductor J. J. Brommer stated that he heard the whistle and felt the brakes being applied.

Terry reported that in the past he had noticed some of the Southern Pacific trains travel past intersections at high rates of speed and crews are in the habit of waiting until nearly at the intersection before ringing the bell. The intersection at Ninth and Addison streets is blind, a building cutting off all view from the south.

## Ed Sullivan's SPORT WHIRL

### BERLY THROUGH: DELANEY FACES CRISIS

It does not seem long ago that the right world was anxiously awaiting ahead to a new edition of the Paul Berlenbach-Jack Delaney series.

Now Berly is about to yield to the pleading of friends and quit the ring and Delaney is at the crossroads of his ring career, with everything hinging on the result of his August 11 scrap with Paulino Uezudum.

The boxer lasts longer than the slugger in the fight racket and Delaney was the boxer of this pair.

They called him the beau sabreur of the north country and he certainly merited that sparkling name. I think the greatest exhibition I have ever seen was given by Delaney one night at Elberta field the night he beat Berly for the light heavy title.

The fight was postponed by rain and it was felt that the day's reprieve would aid Berly, who had just made the weight on the preceding day. He went into the ring strong as a bull. Delaney looked small in comparison.

Delaney, that night, put up a magnificent fight.

He rated himself along as skillfully as Sande rates along a thoroughbred. From the second round on, Pete Reddy, Delaney's manager, anxiously kept tabs on the newspaper consensus at the ring side. Just so soon as Pete knew that Delaney was safely in the lead, he sent Delaney in to preserve his winning margin with no thought of administering a knockout.

It was in that fight that Berlenbach's career was halted. You could hear the thud of Delaney's right glove as it buried itself under Berly's heart every time they came to close quarters. It was that fifteen-round attack to the heart that sapped Berlenbach's strength for keeps. He was never the same after that punishing fight.

### MADE SUCKERS OF SLOW FELLOWS

Delaney always made a sucker of those big strong fellows and I am wondering if he still retains his old ability to take a beating, but more difficult to subdue because of his hurly-burly style of attack.

Unlike Berlenbach, who depended solely on his left hand, Paulino plunges out with both hands busy. Berlenbach was orthodox in method of delivery, but Paulino lets them go from any angle. Delaney met a somewhat sim-

ilar style when he fought with Risko and Risko couldn't lay a glove on him although Delaney was tiring toward the close. Delaney can't afford to tire against Paulino, for the Basque gets stronger all the way. If Delaney is beginning to slow up around the thirteenth, he will find himself in a lot of trouble. It all depends on Delaney's brittle hands.

If his hands stand up under punning, he will give Paulino a shellacking; if his hands go to pieces, you'll see another one of those Maloney-Delaney waltzes.

ing plans for the final mass meeting in Roosevelt auditorium on the evening of Thursday, August 18, at 8 o'clock.

This meeting will be preceded by a parade that will form at Twenty-third street and Macdonald avenue at 7:30 o'clock, and that promises to be the most extensive parade ever held in Richmond.

Officer George Bengley of the Richmond police department will act as field marshal.

All civic, fraternal and social organizations in Richmond have been invited to have automobiles officially entered, and also to urge all members to have cars entered individually.

## THREE CHARGES CONVICT BRADY

SAN FRANCISCO, Aug. 9.—District Attorney Matthew Brady was today found guilty by the board of governors of the San Francisco Bar association on three charges preferred against him by the investigating committee of the board. The three charges on which Brady was found guilty were: That Brady wilfully presented to the auditor of the City and County of San Francisco false payrolls and warrants for his entire department, for September, October, November and December of 1924, and for January and February of 1925.

That Brady wilfully presented false payrolls and warrants for sixteen several months. This was the Burton case, in which Brady was charged with keeping R. W. Burton on the payroll after he had left the employ of the city.

That the district attorney disavowed the contingent fund provided by law for purposes other than that for which the fund was intended and failed to render such accounting for said disbursement as required by law.

The members of the board of governors disagreed on the matter of making any recommendations as to what should be done beyond the matter of announcing their findings. As a result no disbarment action will be taken by the Bar association.

President Henry Monroe thought that the city attorney should be called upon to take proper steps to recover the funds allegedly misused for the City and County of San Francisco, but other members of the board disagreed with him on this point, and no action was taken beyond making public his findings of the board.

## Polo Prospects Of Britons Show Improvement In Week

(By Universal Service)

NEW YORK, Aug. 9.—English polo prospects looked up considerably in the course of the week, although the Britons still face several trying problems.

Not the least of these is the final settlement of the two forward positions, and just how much of the generalship can be properly turned over to Captain Roark if he is still to play the pivot position on the team.

Roark's coaching in action has been so far rather intensive than explicit. The criticism that might be made of it is that it runs along the line of "Why in blazes weren't you there?" rather than the more useful method of telling the offending player exactly where he should have been and why.

Just at this stage I should say of the great Irish player that he has not yet fitted in, although, perhaps, he has stirred up his team mates considerably.

In one respect the British team is really very far ahead of us. They are shot spotters of the first class, every one of them. In the few games and practices they have held so far I have seen more expert mallet hooking of the quite legitimate order than one is apt to find in an entire American tournament. Also when it comes to stealing the ball out of the melee or from the throw-in all the visiting players are experts. And with their fast-starting ponies they are very dangerous in this respect. The English mallet heads

are well adapted to this close work, for some of them have flat surfaces at least half the length of the head. This helps the short nursing shots that set the ball up for the full drive.

Perhaps the most notable and steady improvement has been on the part of Major Atkinson at back. His backhand strokes in the last game played were frequently worthy of Milburn himself, and he came through very handsomely as a scoring threat. The Englishmen are coming along quite well, and aside from the two problems mentioned should satisfy their supporters.

## FISHING

Butte County  
Pulga—The Feather River is muddy in this territory and it is also high, so there is no fishing in the main stream. Some of the creeks are yielding, rather small catches but the fishing can not be considered good now.

Catalina Island  
Of the tuna taken the following were weighed in here: James W. Jump, 123 pounds; Robert Jump 138 1-2 pounds; A. R. Martin 142 12 pounds; Mrs. Lloyd Hillman, 124 12 pounds; A. R. Martin 140 1-2 pounds; Mrs. Monroe Lee, 141 1-2 pounds; Broadbill recorded here were R. C. Grey, 282 pounds; R. C. Grey, 392 pounds; R. C. Grey, 588 1-2 pounds. The last named catch having been made with thirty-nine thread line does not alter the existing record of 573 pounds held by Geo. Thomas III.

Alder Point—Fishing is good. is still plenty of water and fish never leave until the water is low. There are not enough anglers on our streams to deplete the supply. Fort Seward—The fishing is excellent and trout are of good size. Now is a good time for the fly devotee for they are jumping fine to coachman, gray hackle and black gnat.

Rubbish Fire On West Side Put Out

## Creation Of New Department For U. S. Islands Considered

RAPID CITY, S. D., Aug. 9.—while serving the government as commissioner-general to the Seville exposition, Major-General Leonard A. Wood, in his last conference with President Coolidge, proposed the creation of a new department of government to have complete charge of all the insular possessions of the United States. It was made known here today.

The president will recommend such unified control in his next message to congress. He favors consolidations rather than expansions of government departments. It was said, and all-favors impresses that fact upon his appointees to such new boards as he reluctantly permits to come into existence. He finds that the new appointees always agree with him until after they have served a few months in their new jobs. Then, he finds, they seem to believe the nation couldn't get along without the board.

It was announced that the president is still undecided whom he will appoint as ambassador to Mexico and Cuba and as governor-general of the Philippines. Former Governor Campbell of Arizona, whose candidacy for ambassador to Mexico has received substantial backing, is out of the running. The president holds that he is not eligible for this post.

## Season On Game Is Now Open

Deer season open in District 2, 2 1-2 and 3. The only species of mammals which may be legally killed at this time are: Wolves, coyotes, badgers, cougars or mountain lions, wildcats or bobcats, blacktailed jack rabbits, and in district 4, cottontail and brush rabbits. The only birds which may be legally killed at this time are: Blue jay, butcher bird, English sparrow, sharp-shinned hawk, duck hawk, great horned owl, California linnets, white pelican or shag, and in districts 1, 2, 3, 4, and 4 3/4, blackbirds.

Everyone who hunts deer must do so under authority of a deer tag license, costing \$1 for two tags. The tags must be tied to the horns of the deer immediately upon killing and the duplicate filled out and mailed immediately to the Fish and Game commission. A deer killed in an open district may be legally transported into a closed district by having the tag license countersigned by an official authorized to administer an oath or by the regular deputy of the Fish and Game Commission.

# P.A. and the papers-

## that's all you need

NOTHING complicated about this formula. Just get yourself some Prince Albert and some makin's papers. Then go ahead and roll the best little cigarette that ever took form in your fingers. "Never did a home-rolled cigarette taste so good," you'll say.

You get an idea in advance that it's going to taste mighty good when you get your first whiff of P.A. Such fragrance! Like a breath of pine forest. Then you roll one and light up. Here's the big thrill: that wonderful, class-by-itself taste of Prince Albert.

Cool as a cucumber right off the ice. Sweet as a melon from the same place. Mild as a sisterly kiss. Mild, but with that full cigarette body that satisfies to the limit in every marvelous puff. If you've never rolled 'em with P.A., you've been holding out on yourself.

Do you like a pipe? You will, with P.A. for packing. The most contented bunch of pipe-smokers in the world will tell you that pipes were born for just such tobacco. Men who were pipe-shy for years have found that they can smoke a pipe now—and enjoy it. You try it.

## HEART TROUBLE

**Marvelously Relieved**

While visiting her daughter here in Oakland, Mrs. W. H. Morton of Stockton was in such great pain due to Heart Trouble that it affected her left hand. She could neither walk nor rest, with the slightest comfort. All the physicians whom she consulted expressed the opinion that she had less than ten days to live. She truly seemed to be at the point of death when she took her first package of the Fong Wan Herbs. It was cooked for her at home, and that night she had the first rest after many weeks of terrible suffering. After four weeks of the Fong Wan Herb Treatment, she was able to return to her home in Stockton. From that city she has sent the following testimonial to the Fong Wan Herb Co.:

**OWES HER LIFE TO FONG WAN HERBS**  
Stockton, Cal., March 21, 1927.  
To the Fong Wan Herb Co.: I have been suffering with valvular trouble of the heart for some time, became so ill that my doctors, who were many, gave me but a week or ten days to live.

I decided to try the Fong Wan Herb Co., and to the amazement of all who attended me, I was able to walk into the office after taking the Herbs one week. I have now taken them four weeks and I not only have a good heart, but have also been helped in other ailments.

I cannot speak too highly of the Fong Wan Herbs, as I owe my life to them. I am very grateful to Fong Wan for his kindness.

## THOUSANDS IN MARCH TO STAY HAND OF FATE

(Continued From Page 1.)

action the governor will take.

**ARREST PICKETERS**

During this conference the Boston police arrested 42 men and girls who were picketing the state house. Some of the girls were found to be society girls. Others were the daughters of workmen. They were all taken for a ride and charged with loitering. Those who could give a \$25 bail were released and all are supposed to be in court tomorrow morning. When Hill left the governor's office he issued the following statement:

"I have nothing to say. Propriety forbids me to say anything of the case at this time. The governor will issue a statement when he decides whether or not another respite is to be issued. I do want to say that I was treated with the utmost respect and courtesy and fairness, and that the governor gave me ample opportunity to present my client's side of the case."

**MRS. SACCO VISITS HUSBAND**

Mrs. Sacco went to the death house again today to visit her condemned husband and Vanzetti. As she was leaving she complained to the warden because he is not sending out the innumerable letters that Vanzetti is writing. Warden Hendry told her that that he was not going to send out any more of Vanzetti's inflammatory notes. He said they condemn and attack all the officials from the governor down.

**WARDEN, WOMAN ROW**

Mrs. Sacco flared up in a hot response and the warden informed her that he would not let her see Vanzetti again. Under the law she can visit her husband every day but she has also been spending considerable time before Vanzetti's barred door.

Prison attaches say that she has been giving Vanzetti more time than she has been spending with Sacco. "Ten minutes with Sacco and 30 with Vanzetti," they say.

**VANZETTI HELD BRAINY**

Vanzetti is by far the more intellectual. He is the one who has been writing all the propaganda that has come out of their cells. Vanzetti is reported to have complained today because Sacco is getting more publicity than he is. Poor Sacco says he made no effort to beat his pal to the front pages.

The reason that Sacco's name appears in the papers more than Vanzetti's is because his is shorter and fits better into the big headlines. Vanzetti can't understand that.

**BOSTON, Aug. 9.**—Mayor Malcolm Nichols and his chauffeur have joined the armed forces of Boston during this Sacco-Vanzetti crisis. They both were granted permits to carry revolvers.

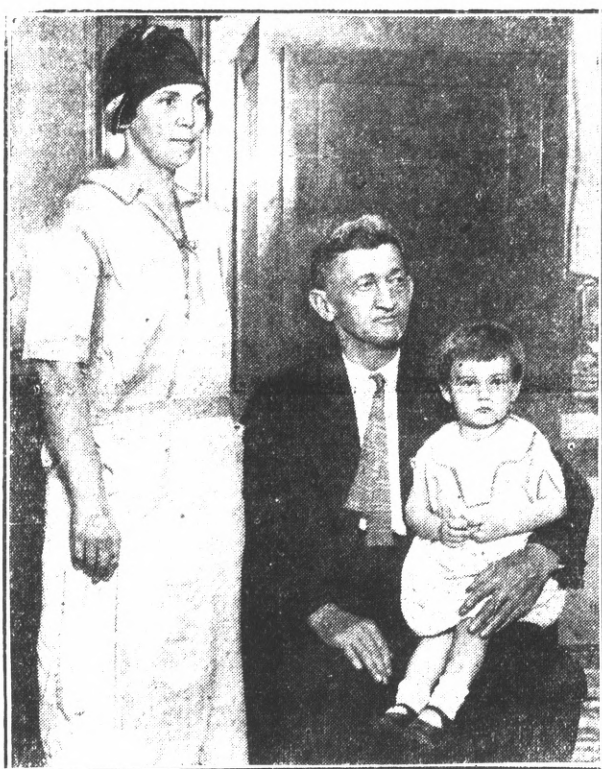

More than three thousand garment workers went on a protest strike here today but one couldn't have sensed it if he hadn't read the papers, for it was a very quiet strike compared to the advance notices.

**MORS PROTEST**

**NEW YORK, Aug. 9.**—Union Square at 5 o'clock this afternoon was packed with a milling mob of approximately 5000 Sacco-Vanzetti sympathizers being kept on the move by nearly 1000 heavily armed patrolmen and mounted police, while machine guns manned by police were trained on the mob from the tops of surrounding buildings.

The meeting, a protest against

**FAIR ENOUGH!** This was the happy cry of G. Mayor of Brooklyn, N. Y., a railroad brakeman, awarded huge sum for loss of leg by accident by Supreme Court jury. His wife, Martha May, and daughter, Irene, rejoice with him.

the execution of Sacco and Vanzetti, has been peaceful so far, but the situation is tense and fear of an outbreak is growing as the crowds increase.

### CALL GENERAL STRIKE

**PATERSON, N. J., Aug. 9.**—The joint executive board of the Associated Silk Workers of Paterson decided today to call a general strike of all workmen in Paterson for Wednesday afternoon. All classes of workers are to be asked to quit at noon, and not to return to work until Thursday morning.

in protest against the executions of Sacco and Vanzetti.

**WEDNESDAY AFTERNOON**, the silk workers will hold a mass meeting of protest against the execution.

**Parr To Address Church Society**

Fred D. Parr, president of the Parr Terminal company, will address the members of Wesley Brotherhood at their meeting Friday night in the social rooms of the church. Other features of the program which will follow the dinner to be served at 6:15 o'clock will be announced later.

## Arson Plea For Probation On August 22

August 22 has been set by Judge A. B. McKenzie as the date for rendering decision on the petition for probation of John Bilkie, former El Cerrito resident, who pleaded guilty to a charge of setting fire to his El Cerrito residence. He stated that he did it in the hope of securing insurance money to support his invalid wife and two small boys.

Bilkie was arrested on a ranch at Florin, Sacramento county, where he had moved a year ago in the hope of earning a better living for his family. He is said to have admitted that he attempted to destroy the El Cerrito home by planting bundles of oil soaked newspapers, centered by lighted fuses. One in the kitchen ignited first and \$50 worth of damage was done before the El Cerrito fire department extinguished the blaze.

### NARBETT PLEDGES SUPPORT TO HARBOR BONDS

James T. Narbett, Richmond architect and formerly adjutant of Richmond Post No. 10, American Legion, dropped into the harbor bond campaign headquarters yesterday and pledged the use of three automobiles for election day. Narbett said he had not a doubt of the bonds carrying overwhelmingly.

## Two Cottages To Be Remodeled

Alterations on a cottage on the east side of Twelfth street between Chandler avenue and the Santa Fe railroad will be made by J. Theis at a cost of \$500, according to a building permit issued yesterday by City Building Inspector A. J. Hurley. J. A. Persstrom will do the work. Another cottage will be remodeled inside and another room added by R. Botti on the east side of Twelfth street between Hermann and Twelfth avenues. The work will be done by the owner and will total \$500.

Geo. Zannes will put up a two-car garage on the east side of Third street between Ripley and Deering streets as a cost of \$200. Plans for a garage under a building on the east side of Twelfth street between Neale and Barrett avenues will be installed by J. R. Hutton. A special permit was given John L. Parker to alter the interior of a store on the south side of Macdonald avenue between Nineteenth and Twenty-first streets. The alterations will amount to \$250 and the work will be done by the owner.

### JOLLY DOZEN CLUB

The Jolly Dozen Club, organized by Mrs. Earl S. Coyle, met at her home at 3130 Third street and Roosevelt avenue. The next meeting of the club will be August 22.

## Compromise Of Insurance Is Requested

**MARTINEZ, Aug. 9.**—Mrs. Florence Streeter of Richmond today petitioned the superior court for permission to compromise for \$500 a claim against the Lankers' Life Insurance company on a health insurance policy held by her husband, Donald Streeter, 24, adjudged insane and committed to State asylum early this year after he had slain A. J. Bonanko, Standard Oil company employee at Richmond. Streeter shot Bonanko at the oil refinery because of supposed disparaging remarks about his wife.

After Streeter was adjudged insane and application was made for payments on the \$1000 health insurance he carried the policy was rescinded premiums refunded and all liability disclaimed. Mrs. Streeter declares. The company's action, she says, was based on a stipulation that Streeter had failed to disclose certain facts concerning his health. She spent negotiations with the company resulted in a compromise offer of \$500, which the court is asked to sanction.

Mrs. Streeter's petition was filed County Attorney Tear Office of Richmond, and George Barkley.

## "GREATEST AIR DERBY" STARTS ON NEXT FRIDAY

(Continued From Page 1.)

III. The plane has been named the City of Peoria.

**SCOFF AT "43"**

John Frost, pilot of the Golden Eagle, the entry made by the San Francisco Examiner, was today given his license number after having made a trial flight with a half load of gasoline and his navigator. The license number was XX 913 and the last two figures, thirteen, didn't bother Frost at all. "It may be an omen of good luck," he said, "as there might happen to be thirteen planes in the flight." The Golden Eagle took off nicely in 350 feet.

Two of the other planes took off for short test flights and their pilots reported them in perfect condition and ready to go. Other planes entered some tinkering. So far as readiness is concerned, the planes now here were pronounced ready for the air.

**SAN FRANCISCO, Aug. 9.**—"Not ideal, but not especially favorable." That's what the United States weather bureau predicted for the San Francisco-Honolulu hop.

"Fog will prevail for the first 50 to 100 miles. After that the weather will be thick and foggy all the remainder of the way," the weather man said.

"There will be gentle to moderate winds about one-third of the 2400 miles. North to northwest winds will prevail the rest of the distance."
